For each project accomplished, the following information is provided:

- Route - the marked route designation and/or street name. For those improvements on unmarked state routes and local system routes, the system designation and route number are provided. Some funds have been awarded for improvements at various locations. In these cases "Various" is noted in the route designation. Also shown is the identification number for each project (0-XXXXX-XXXX) which corresponds to the number in the annual program book.
- County - the county or counties in which the improvement is located.
- Description - this item includes both a description of the location of the project and the type of improvement.
- Cost - total of awards (obligations) charged to the program item.
- Awards - each obligation charged to the program item is reported with the date of the obligation shown in parenthesis.
- For each project contained in Exhibit B, "Published State Projects Not Accomplished During FY 2005," and in Exhibit D, "Published Local Projects Not Accomplished During FY 2005," the route, county and description information is identical in format to the accomplished projects. The cost information reported, however, is the estimated program amount as published in the proposed program document. The specific reason and disposition (carryover to the next fiscal year, carryover to a fiscal year two or more years away or deleted) are shown after each project not accomplished in Exhibit B. Reasons are not provided for local system projects that were not accomplished.
- The first digit of each page number indicates the district in which a project is located. For example, all projects shown on page 6 – 04 are located in District 6.
- The following table is a glossary of abbreviations used in the program document and the listings in this report.
